

HEAT CABLES AND CONTROLS

High Wattage Cables

These cables are for use in preventing water line freeze-ups in areas with extended periods of low temperatures. Each combination of lengths and wattage below provides 5 watts / ft of cable, which is adequate to protect water lines down to 10 °F. For protection to zero Fahrenheit, install two cables into the line. All models listed are 120 V cables. **CAUTION:**

Heat cables must not be shortened or spliced. Heat cables cannot be used with 3/16" or 3/8" plastic flexible tubing.

Length	Watts	Amps	Stock No.	Price Each		Ship. wt. (lbs)
				1-5	6+	
34 ft	165	1.4	A034	\$41.20	\$37.60	2
54 ft	270	2.3	A054	\$49.20	\$44.80	2
80 ft	400	3.4	A080	\$63.60	\$57.90	3
105 ft	530	4.5	A105	\$74.10	\$69.70	3
136 ft	680	5.7	A136	\$80.70	\$75.90	3
160 ft	800	6.7	A160	\$97.60	\$91.80	3

270 ft	1350	11.3	A270	\$126.70	\$123.10	5

Heat Cable Thermostat

Air controlled. Turns on at 35 °F. Has an 1800 Watt capacity. Two plug receptacles.

Stock No. AT02.....\$19.30 ea.

Compression Fittings

Used to bypass shutoff valves and to enter and exit your pipe, with your heat cables. Threads are 1/8" MPT.

Stock No. A141.....\$1.35 ea.

Bucket Heater

- Cast Aluminum Construction
- 250 Watts
- Thermostatically Controlled
- 6-ft. Supply Cord
- Ideal for Bird Baths Too!

Stock No. A002.....\$40.50 ea.

Freeze-X® Recirculating System

Unique design allows float-controlled reservoir to serve as standard breaker tank regulator for your automatic water system. In cold weather, the recirculating pump keeps heated water moving through the lines to prevent freeze-ups down to 13 °F. One pump/tank unit is capable of servicing approximately 200 ft of 1/2" line. The 1/2" MPT inlet and 1/2" FPT outlet are adaptable to most any connection needed. Includes submersible heater with built-in automatic shut-off if water runs out. Shipping wt. 15 lbs.

NOT FOR USE WITH ANY FLEXIBLE TUBE SYSTEM OR MONOFLO WATER VALVES!

For pump only, see Pg. 36

Stock No. A004.....\$206.90 ea.

Skinning Hooks

Plated steel hooks properly shaped to hold rabbit in the correct position for dressing. Made of heavy steel rod with eye for attaching to wall. Shipping wt 4 oz / pr.

Stock No. L202.....\$4.45 / pr.

.....6 + pair @ \$4.15 / pr.

Pressure Circulating Water Pump

The recirculating pump keeps heated water moving through 1/2" PVC pipe, preventing water freeze-ups down to 15 °F. One pump is capable of servicing up to 200 feet of piping. (Tank heater not included). Shipping wt. 5 lbs.

Stock No. A234.....\$94.80 ea.
