If a roll is over 150 lbs. and must be cut, there will be a charge of \$9.00 for each cut.

Baby-Saver Wire

has a smaller mesh along the bottom 4" of the roll. For example, W670 has 1/2" x 1" mesh on the bottom and 2" x 1" mesh over the rest.

Freight Discounts

We can offer freight savings of up to 79% from list, depending on your location. Call for details.

REMEMBER

On all wire, the last measurement goes around the roll. 1/2" x 1" mesh has a wire pattern that will produce 1" of waste per cut. A 1" x 1/2" pattern will produce 1/2" of waste per cut that must be trimmed to eliminate sharp ends. And in 2" x 1" mesh you lose 1" per cut!
